

High-speed Railway Standards

ISBN	product name	publish date	Author	Book name
978-7-113-18870-2	Railway technical management procedures • High-speed railway section	22/7/14	China Railway	
978-7-113-18872-6	Railway technical management procedures • High-speed railway section	22/7/14	China Railway	
978-7-113-19185-6	Railway technical management regulations (high-speed railway part) provisions (Volume 3)	9/1/15	Articles of the Technical Regulations describe the writing group	
978-7-113-19187-0	Railway technical management regulations (high-speed railway part) provisions (Volume 2)	12/1/15	Articles of the Technical Regulations describe the writing group	
978-7-113-19186-3	Railway technical management regulations (high-speed railway part) provisions (Volume 1)	13/1/15	Articles of the Technical Regulations describe the writing group	
15113.5284	High-speed railway maintenance post (revised edition)	19/3/18	China Railway	High-speed railway job training norms
15113.5286	High-speed railway bridge and tunnel maintenance post (revised edition)	19/3/18	China Railway	High-speed railway job training norms
15113.5285	High-speed railway railcar driver post (revised edition)	14/3/18	China Railway	High-speed railway job training norms
15113.5302	High-speed railway contact network maintenance post (revised edition)	19/3/18	China Railway	High-speed railway job training norms
15113.5305	High-speed railway power distribution equipment maintenance position (revised edition)	14/3/18	China Railway	High-speed railway job training norms
15113.5303	High-speed railway power maintenance post (revised edition)	14/3/18	China Railway	High-speed railway job training norms
15113.5304	High-speed railway contact network work vehicle driver position (revised edition)	14/3/18	China Railway	High-speed railway job training norms
15113.5283	High-speed railway communication comprehensive maintenance post (revised edition)	19/3/18	China Railway	High-speed railway job training norms
15113.5298	High-speed railway on-site signal equipment maintenance post (revised edition)	14/3/18	China Railway	High-speed railway job training norms
15113.5299	EMU vehicle communication equipment maintenance post (revised edition)	14/3/18	China Railway	High-speed railway job training norms
15113.5307	EMU trains vehicle equipment maintenance positions (revised edition)	19/3/18	China Railway	High-speed railway job training norms
15113.5300	High-speed railway control center signal equipment maintenance post (revised edition)	14/3/18	China Railway	High-speed railway job training norms

15113.4856	EMU mechanic	17/2/17	China Railway	Railway specific job skills training norms
15113.4848	EMU driver	17/2/17	China Railway	Railway specific job skills training norms
15113.5082	EMU repairman	4/1/18	China Railway	Railway specific job skills training norms
15113.4581	EMU special equipment maintenance and maintenance management rules	3/2/16	China Railway Corporation Transportation Bureau	
15113.5377	High-speed railway power engineering detail design and process quality standards	14/5/18	China Railway	Railway vocational skills appraisal counseling series
15113.4383	High-speed railway power management rules Railway electric safety work regulations Supplementary provisions Railway power management rules Railway electric safety work procedures (Iron General Movement {2015} No. 49, No. 51, Tiannan {10001} No. 102)	9/6/15	China Railway	
15113.5375	Detailed design and process quality standards for high-speed railway electric traction power supply engineering	14/5/18	China Railway	Railway vocational skills appraisal counseling series
15113.5161	High-speed railway driving organization rules	10/10/17	China Railway	
15113.4631	High-speed railway contact network safety work rules High-speed railway contact network operation and maintenance rules [Iron General Transportation (2014) 221 Iron General Transportation (2015) 2601]	20/4/16	China Railway	
15113.5346	High-speed railway contact network fault repair rules	17/4/18	China Railway	
15113.5378	High-speed railway customer service engineering detail design and process quality standards	14/5/18	China Railway	Railway vocational skills appraisal counseling series
15113.4308	High-speed railway design specification (Article description)	6/2/15	National Railway Administration	
15113.4384	High-speed railway traction substation safety working rules high-speed railway traction substation operation and maintenance rules (Iron General Transportation No. 49, No. 50)	15/6/15	China Railway	
15113.5371	High-speed railway communication engineering detail design and process quality	14/5/18	China Railway	Railway vocational skills appraisal counseling series
15113.5308	High-speed railway communication network management post (revised edition)	14/3/18	China Railway	High-speed railway job training norms
15113.5376	High-speed railway signal engineering detail design and process quality standards	14/5/18	China Railway	Railway vocational skills appraisal counseling series
